

Each item listed on this page is supplied with an identifying image and serial plate image where possible

Soldering

- Oki Soldering iron
- [Tenma SMD rework and Soldering station](#)

TODO: Surely we have more soldering kit?

Power Supplies

- Thurlby 30V-1A dual supply
- BSI PSM 2/5A dual supply
- Tenma dual supply

TODO: PSU plugtop supplies?

Surface Mount

- [Puhui SMD soldering oven](#)

TODO: Later, Sundance?

Diagnostics

- Van Draper Electronics 10MHz function generator
- Feedback FG601 function generator
- Hameg HM203-6 20MHz analogue scope
- Hameg HM302-7 20MHz analogue scope

TODO: Multimeters etc?

Other

- A variety of helping hands and clamp devices
- Reels of single core cable, some solid, some stranded in a variety of colours and gauges.
- Tweezers of varying sized and types, including surface mount tweezers
- Snips
- Strippers
- Crimping tools
- Desoldering tools, flux pens etc.

TODO: More?

PTH Components

- A large selection of resistors
- Some capacitors
- Some inductors

TODO: More?

SMD components

- Loads of reels, do we need to name them all?
- Solder paste

TODO: Flesh out
