

Details of Departure

We are looking to hose [Pack the Space](#) day on Saturday 23rd of March 2013. This gives us a week after for the “Bits we've missed”

Stuff that we need to do for exiting 44 Edge Street

- Remove RFID Readers
- Plug hole of RFID readers
- Remove network from power trunking
- Remove Wifi Access point and trunking
- Find a place for the self-sealing stem bolts
- Snip internet cable at 44 end
- Snip internet cable at Madlab end
- Remove internal internet cable
- Fill holes from internet cable
- Remove the geocache sign and repair any sticker damage
- Separate the saucer section
- Disconnect Alfred from intercom
- Remove second intercom handset (the one in the space)
- Remove the Disabled Intercom access button
- Remove snackspace floor tiles
- Prevent warp core breach
 - Use tribble and some chewing gum [TBSliver](#) ([talk](#))
- Dismantle the metalworking bench
- Remove Magnet items from ceiling

Things that need to stay

- 4 x folding tables
- 2 x folding benches

Things that need discussion

- MadLab Chairs
- Fridge
