About Us

 HACMan is an arts, science and technology club. We run a member-driven community workshop at Wellington House, Pollard Street, Manchester, M40 7FS.

Open evenings

If you want to come along, we run open evenings every Wednesday evening from 6 until 10. Everyone is welcome to come and eat, drink, chat, and make things. You can get a tour of [our wonderful space](#), check out our great [equipment](#), and meet some fellow makers! Turn up anytime, ring the number on the blue door and one of us will come down and meet you.

Membership

Our members get many benefits, including 24/7 unlimited access, the use of all of our tools, and a say in the running of the space! We operate a **pay what you can** membership price - pay any amount from £10 per month to become a full Hackspace member. Becoming a member is easy - just fill out [this form](#)

Connect with us

You can follow us on [Facebook](#) and [Twitter](#).

Useful Information

- [Equipment](#) - An incomplete list of equipment we have available for use in the workshop.
- [Consumables](#) - An incomplete list of little bits and pieces stocked by the space.
- [Suppliers](#) - Some hints and tips on where to get hackables.
- [Online Resources](#) - Online learning resources
