Meeting Planning

To Discuss/Work On

- **Under stairs storage** - Check if electric strike fits mortice, create power board for strike
- **Mame Machine** - quick freeplay button/mode. Also look at new RFID credit system
- **Project-a-sketch** - assemble

Main Meeting

Attendees

Bob, Alex, Tom, Bruce (new arrival), Paul ([Tallscreen](#)), Lois

Discussions

Anything major discussed? put here, including comments and from who

- H_2audiO - Need to test that it will actually work

Projects

Who was working on what? pictures and comments welcome!

- [Tallscreen](#)
    - Fixed a batten in the cupboard under the stairs to attach a light-fitting to, and drilled hole for the cable.
    - Donated some new USB cables and component storage boxes.
    - Read a Wired article about absinthe!
- [parag0n](#)
    - Breadboarded darlington + relay output circuit for RFID system
    - Brought electric strike
    - With [TBSliver](#), modified strike to work with cupboard's mortice lock
    - Drank club mate cola

Comments and other notes

Dumbass Awards:

- Alex - x3
- Tom - x2
