

Maplin are selling off some rather snazzy components drawers relatively cheaply, due to them going out of business. These drawers are large, well built, and are designed for storing electronic components etc, and come with perspex dividers (which we could easily add to with the laser cutter). The drawers are significantly cheaper than we could build them ourselves, and are cheaper or at minimum similarly priced to other products that would do a comparable job.

Reference for making payments to hacman: **PLEDGE CUP**

**Update** We've managed to source two separate cupboards from a Maplins in St. Helens

\* Set of component draws - £70 -  
 Already purchased and Delivered to the hackspace \* Large Metal Cupboard -  
 £80 - Already purchased, but `` ``needs`` ``pickup`` ``from`` ``maplins``  
 ``at`` ``St.`` ``Helens

Richard has paid for both currently (£150 total) Things to do next

\* We need to pickup the 2nd cupboard, The current plan is to do this with To  
 m's trailer on Tuesday - 08/05/2018  
 \* Since I donated £40 to the pledge, I need to claim back £110 from the memb  
 ers on the below list

## Pledge Target £250.00 for one, £500 for two

\* Connor - £20 (£13.60) \* Rossy - £20 (£13.60) \* Iain - £20 (£13.60)  
 \* Egg - £20 (£13.60) - Paid \* Richard - £40 - (£27.60) - paid  
 \* Tom Stewardson - £20 (£13.60) \* Phil C - £20 (£13.60) \* Alex Lang -  
 £20 (£13.60) - paid \* Mike S - £20 (£13.60) \* Bob - £20 (£13.60)

Note since we only spent £150 in total, this means that those that pleded £20 only actually owe  
 £13.60

## Running Total £220
