

Consumables

The Space has an official consumable list which states the items we class as consumables and will buy regularly for the space. If these items have run out either contact the procurement team via telegram or via the helpdesk or purchase it yourself and claim the expense back in the same way as a snackspace expenditure (see above)

The current consumable list can be found below

Unsorted

TODO

- Sort the below into separate lists further down
- Check afterwards if we should split this into multiple pages

Item	Preferred Supplier	Notes
